

Wines of Distinctive Character

Hot Prospect 2017, 2016, 2015 | Rising Star 2018*

Carmenet Winery was founded in Sonoma, CA in 1983, based on a principal of producing Bordeaux-style blends. To reflect its Bordeaux inspiration, the winery was named Carmenet (Car-men-ay), an archaic French term for the family of grape varieties used in traditional Bordeaux blends. Carmenet Vineyard wines are available in seven distinct varietals, including a newly released Méthode Champenoise made from 100% Chardonnay. We invite you to try our award winning Vintner's Collection Reserve wines that are true to varietal character, and to be enjoyed with food, family and friends. From our family to yours, all the best.

John Allbaugh, Winemaker
